TO WHOM IT MAY CONCERN

REACH

(Registration, Evaluation and Authorisation (and restriction) of Chemicals Regulations)

As of July 2007 the European Regulation (EC) 1907/2006 entered into force, please view the ECHA website for further information and the up to date SVHC candidate list:
<http://echa.europa.eu/web/guest/regulations/reach>

Duraweld Ltd manufactures stationery and presentation products in the form of ring binders, document boxes and plastic pockets etc. We also manufacture pollination bags.

Our core materials are bought in as finished materials which we use to manufacture the products we supply. Our main print processes are Digital and Screen printing.

We do not import, manufacture or chemically transform any substances or preparations.

We have received statements from our key suppliers confirming their awareness of REACH and the necessary steps they are taking.

Our key PVC suppliers have confirmed that the material we buy from them contains DOTP: bis (2-ethylhexyl) tereftalaat, CAS-nr: 6422-86-2 plasticizer, and in accordance with art. 33 of the REACH regulation the article contains no substances included on the SVHC candidate list.

Should the situation change in the future we will take the necessary action to comply with the regulations.

Duraweld Ltd
