Your products when you want them

# Simply Smart™

## Smart thinking to make your professional life simpler and easier.

You've come to expect high quality, specially made stationery from Duraweld; paper over board is our most creative media.

Our bespoke products make your printed materials look better and last longer.

Use these high quality ring binders to display or present your paperwork and pockets. Loose leaf binders are available online or by telephone on: 01723 584091.

Specifically designed ring binders are made to order to fit your A3, A4 or A5 documents in a landscape or portrait orientation.

Attractive storage for your ring binder making it stand easily on a shelf. Slipping your loose leaf ring binder into a protective case gives you twice the surface area for your branding and when the ring binder is in use the slip case remains as a reminder to the user.

Specifically designed for our A4, A5 and A3 ring binders in a landscape or portrait orientation.

Menu and bill holders branded with your restaurant's identity and made especially to your requirements.

A4 clipboards are a great practical product for those of us who need to write whilst on the move. The perfect paperwork companion!

Paper Over board covers on a wire bound notebook or diary allow you to get creative with this everyday stationery product.
