

Simply SmartTM Files

The Duraweld range of files is the perfect solution to a cluttered office. For long or short term storage, our high quality files are available in a wide range of standard options, offering something for everyone.

(1) Snappy file

Polypropylene file holding up to 60 sheets of punched paper, with a plastic two-prong snap fitting.

(1) Snappy file

(2) Swing clip file

Polypropylene file holding 20 sheets of unpunched paper, with a 'swinging' clip.

(2) Swing clip file

(3) Maxi file

Polypropylene file with an integral fastening, holding 75 sheets of punched paper.

(3) Maxi file

(4) Netabar file

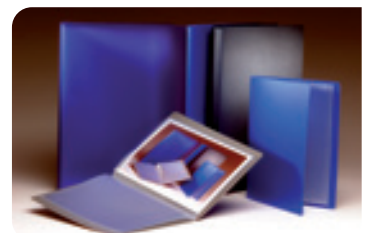

Made from either polypropylene or rigid vinyl and available with either 7mm or 12mm spine widths, the Netabar file holds pre-punched A4 paper using two prongs secured by a compressor bar.

(4) Netabar file

(5) Pocket file

Made from either polypropylene or rigid vinyl, this can comprise from 2 to 40 pockets holding A4 or A5 documents.

(5) Pocket file
