

WHY SHOULD I ORDER MY RING BINDERS FLAT?

Smart Presentation

Duraweld is the UK's leading manufacturer of customised stationery products such as printed ring binders for a training manual or conference. Our goal is to help our customers make their materials look professional and last longer with specially made stationery.

At the final stage of ordering your specially made stationery, you will be asked to specify whether you want your ring binders delivering assembled or flat. Duraweld is the only UK stationery manufacturer to give you this space saving option.

The advantage of ordering ring binders flat, for self assembly:

- Storing 100 ring binders flat takes up one third less space than storing 100 assembled binders
 - Easier to transport – less bulky, more environmentally friendly – fewer trucks on the road
 - Cheaper to transport – you are not transporting 'air'
 - Fit more in your stationery cupboard – allowing you to order in bulk, for lower unit costs
 - Order less frequently – giving you time to get on with your business
 - Make them up as you need them – watch our video to see how easy it is
- Full range of ring binders available with the EZ-Fix mechanism; including lever arch and trigger mechanisms
- Great choice of materials: polypropylene & vinyl in our full range of colours
- Same great choice of print options: silk screen, embossed, digital or litho
